ASSASSINATION OF THE PRESIDENT.

ATTEMPTED MURDER OF SECRE-TARY SEWARD AND SONS.

Despatches from Secretary Stanton.

WASSINGTON, D. C., April 15-1.30 214. Major General John A. Dia, New York:

Last evening, at 10.30 p. m., at Ford's Thea. ter, the President, while sitting in his private box with Mrs. Lincoln, Miss Harris, and Mai Rathbun, was shot by an assessin who suddenly entered the box. He approached behind the President. The assessin then leaped upon the stage, brandishing a large dagger or knife, and made his escape by the rear of the theater. The pistol ball entered the back of the Prostdent's head. The wound is mortal. The President has been insensible ever since it was inflicted, and is now dying.

! About the same hour an assassin, either the same or another, entered Mr. Seward's house and, under pretence of having a prescription, was shown to the Secretary's sick chamber. The Secretary was in bed, a nurse and Miss Seward with him. The assassin immediately rushed to the bed, inflicting two or three stable on the throat, and two in the face. It is hoped the wounds may not be mortal. My appre-hension is that they will prove fatal. The nurse alarmed Mr. Frederick Seward, who was in an adjoining room, and hastened to the door of his father's room, where his met the assessin, who inflicted upon him one or more dangerous wounds. The recovery or Frederick Seward is doubtful. It is not probable that the President will live
